ABOUT SUSTAINERA

Sustainera Solutions offers a rich tapestry of services including Sustainability and Climate Consultancy, Environmental Services, Safety and Risk Engineering, Research and Sustainable Businesses and Institutions. We serve a diverse clientele ranging from international organizations, financial institutions, UN agencies, to government entities and the private sector, specializing in converting the multifaceted challenges they face into sustainable, impactful solutions.

Our portfolio spans company-level initiatives to policy development, with projects focused on enhancing sustainability, mitigating climate impact, ensuring safety and risk resilience, driving strategic transformation, and fostering environmental intelligence.

As a proud member of esteemed networks such as Inogen Alliance, the United Nations Global Compact, GRI, UN Women's Empowerment Principles, we are deeply committed to advancing sustainability both locally and globally.
