DATA ANALYTICS & BUSINESS INTELLIGENCE SOLUTIONS

sustainera
solutions

Sustainera Solutions is a firm, with offices in Azerbaijan, Georgia and United States, providing exceptional advisory, research, and capacity-building services to businesses, IFIs, DFIs, government agencies, and multilateral organizations. Our mission is to help our clients transform their challenges into long-lasting and sustainable solutions. We offer a comprehensive range of services that span multiple industries, designed to address the unique challenges and opportunities presented by sustainable development.

DATA SOLUTIONS WE PROVIDE

Sustainera Solutions provide Data Analytics, General Machine Learning and Business Intelligence (BI) services that involve using machine learning algorithms and techniques to help solve business problems and generate insights from data. With our in-depth experience in complex problem solving and business transformation, we at Sustainera provide data consulting services to help companies derive value from raw datasets. Our BI tools access datasets to provide users with detailed information about the state of the business. It analyzes datasets and presents analytical findings in reports, summaries, dashboards, graphs, charts and maps. **Here are some types of services we provide:**
